

CAPSTONE CASE STUDY

SQA Agency Growth Strategy

End-to-End B2B Sales Pipeline & Lead Generation Strategy

Scaling mid-market SaaS outreach in North America & UK via multi-channel engagement and structured BANT qualification.

Target Region

US, UK & Canada

Target Segment

Mid-Sized SaaS (20–200 FTE)

Pipeline Revenue Generated

\$104,000 Total Value

Ideal Customer Profile (ICP) & Strategy Overview

 B2B Strategy Meeting

Agency Positioning

ProQual QA Solutions: Specialized B2B agency delivering manual and automated testing for scaling web, mobile, and API platforms.

- ✓ Focused on Series A to Series B SaaS startups
- ✓ Turnkey automation integrated into CI/CD

Solving Key Engineering Bottlenecks

Release Delays

Frequent production bugs stalling feature launches and roadmap commitments.

Developer Drain

High-cost senior developers wasted on manual test execution tasks.

Missing Automation

Lack of automated regression suites slowing sprint deployment velocity.

15 Verified High-Intent B2B Prospects

15 Accounts

26.6%

\$6,930 / Mo

Target Prospect	Title	Company	Location	Qualification Status	Deal Value
Mark Redman	CTO	CloudScale Inc.	San Francisco, USA	Qualified (BANT)	\$6,000
Sarah Jenkins	VP Engineering	HealthTrack Solutions	London, UK	Meeting Scheduled	\$8,500
Brian O'Neill	VP Engineering	CyberShield Tech	Dublin, Ireland	Proposal Sent	\$11,000
James Wilson	Head of Tech	FleetTracker	London, UK	Qualified (BANT)	\$8,000

BANT Qualification Framework

B

Budget

\$3,000–\$10,000 monthly
QA allocation.

A

Authority

Direct access to CTO or
VP Eng decision maker.

N

Need

Urgent automated
regression requirement.

T

Timeline

Project onboarding
within 30–60 days.

14-Day Multi-Channel Outreach Sequence

DAY 01

Cold Email Hook

Highlighting feature rollout delays & 40% speed optimization.

DAY 03

LinkedIn Connect

Soft connection request referencing engineering productivity.

DAY 07

Value Case Study

Proof showing 45% reduction in production bug density.

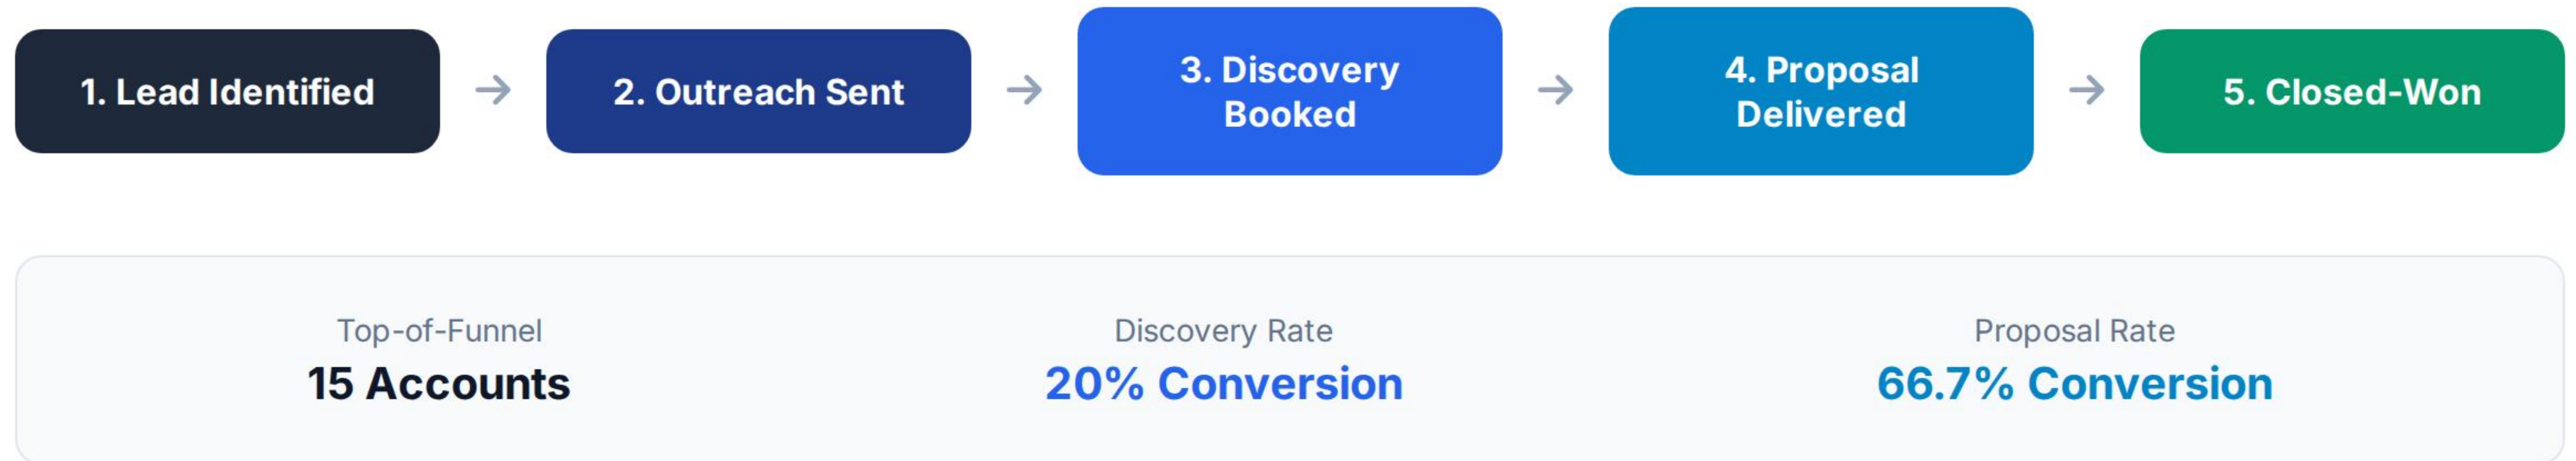

DAY 14

Break-Up Email

Low-friction close keeping the door open for future launches.

HubSpot 5-Stage Sales Pipeline Architecture

20–Minute Discovery Meeting Framework

Meeting Agenda Breakdown

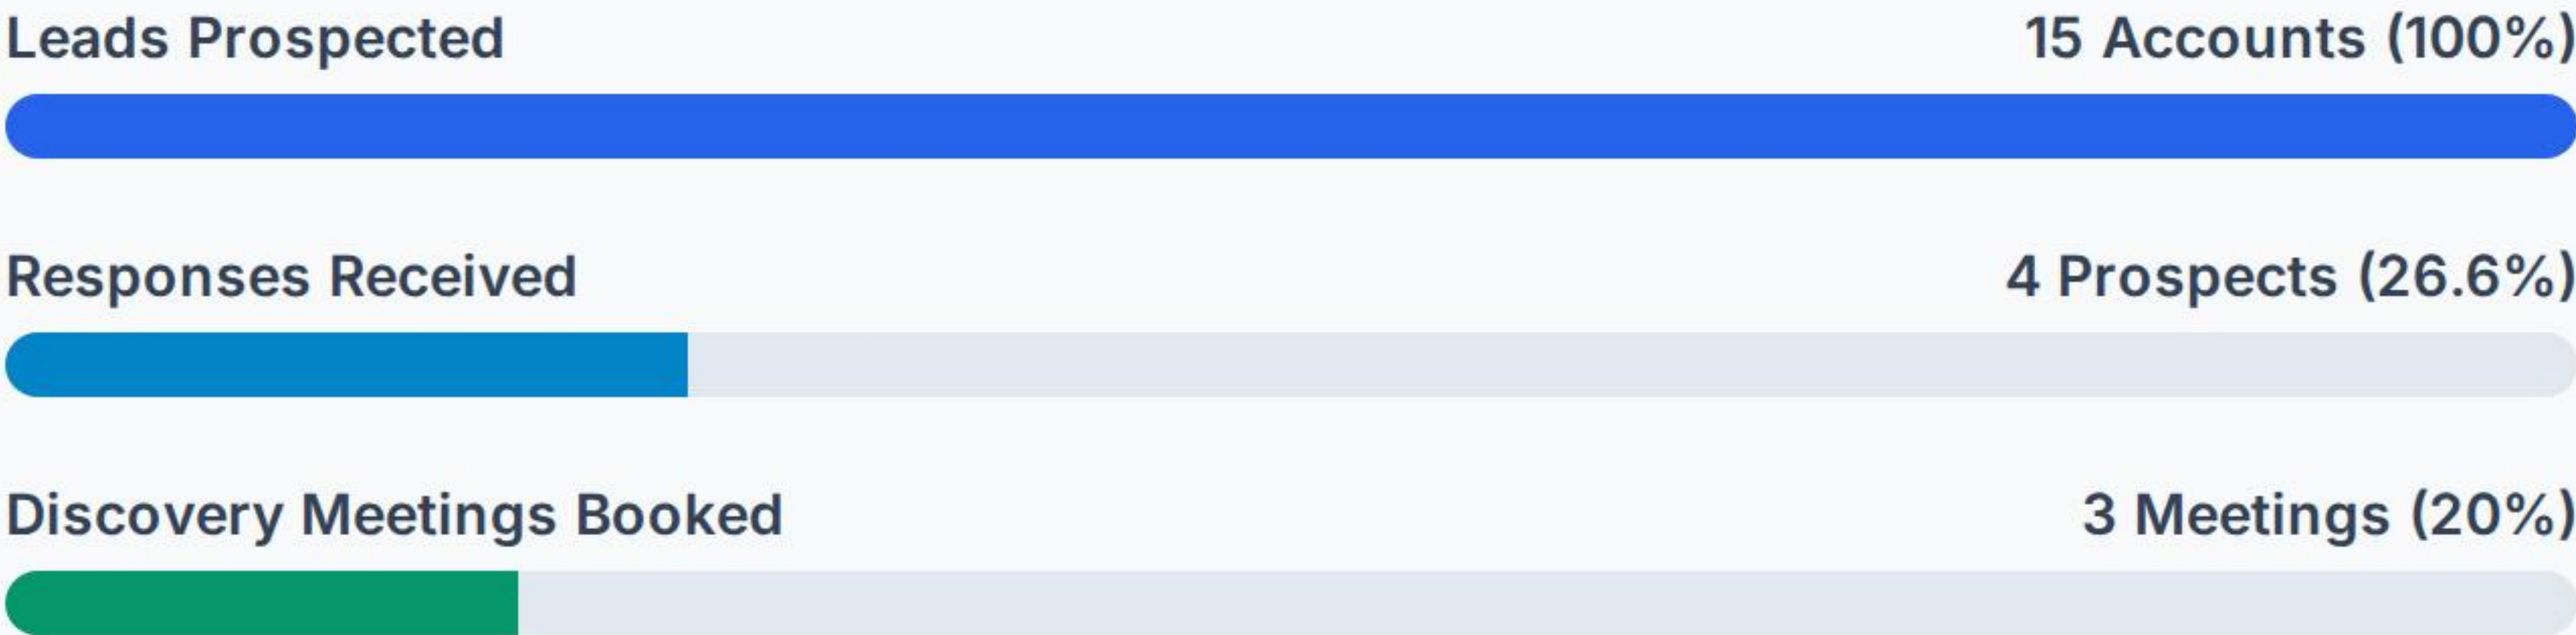

- 2 Mins** Rapport & Agenda Alignment
- 10 Mins** Pain Point Diagnosis
- 5 Mins** Capability Alignment
- 3 Mins** Proposal Commitment

Probing Questions

1. "What does your QA workflow look like prior to major production releases?"
2. "How much senior developer time is consumed executing manual test cases?"
3. "What happens to release dates when unexpected bugs slip through?"

Sales Performance Dashboard

Funnel Velocity Metrics

Total Pipeline Value

\$104,000

Weighted Forecasted Revenue

\$38,500

Ready for Execution

A systematic outreach engine engineered to drive predictable pipeline growth for B2B tech services.

B2B Development Strategy

Fully Qualified Pipeline
